

WARRANTY SUMMARY SHEET

Bird-Tech — Bird control and deterrent spike systems

Ecommerce summary. For the full conditions, claims procedure and detailed exclusions, please refer to the complete certificate included below.

Limited commercial warranty	Bird-Tech offers a limited commercial warranty of 10 years against manufacturing defects for the covered products.
Manufacturer guarantor	TECHPROSER, S.L., holder of the Bird-Tech trade mark. Ctra. de l'Hospitalet 54, 08940 Cornellà de Llobregat, Barcelona, Spain. NIF/CIF/VAT: ESB65523615. Email: info@bird-tech.com. Web: www.bird-tech.com.
Covered products	S50, M100, M140, L185, L185X, L225, STS50, STM100, STM100X, STM140, STL185, STL185X, STL225, Power Solar Pro 130, Power Solar Pro 160, Power Solar Pro 210 and Power Solar Pro 270.
What is covered	Material or manufacturing defects attributable to Bird-Tech's production process, provided that they are technically confirmed by Bird-Tech after review of the claim.
What is not covered	Damage resulting from incorrect installation, improper use, product manipulation, incorrect model selection, lack of maintenance, natural wear, external damage, acts of vandalism, aggressive environmental conditions, or damage caused by incompatible, unsuitable, not previously tested or incorrectly applied adhesives, sealants, chemical products or fixing systems.
Adhesives, sealants and fixings	The use of adhesives, sealants, screws, rivets or other fixing systems not supplied by Bird-Tech does not automatically exclude the warranty, provided that they are compatible with the Bird-Tech product, its materials and the installation surface, and have been applied correctly. The choice and prior compatibility check are the responsibility of the buyer, installer or professional responsible for the installation.
Solution if the warranty is accepted	If Bird-Tech confirms that there is a manufacturing defect covered by the warranty, Bird-Tech will replace the defective material or affected component. The limited commercial warranty does not cover labour, removal, reinstallation, travel, auxiliary access equipment, platforms, scaffolding, compensation or other additional costs.
Consumer statutory rights	This limited commercial warranty is additional and does not affect the statutory rights that the consumer may have against the seller under the applicable law. In Germany, these statutory rights against the seller are known as Gewährleistung and, as a general rule, last for two years from delivery of the product.
Complete document	The complete information, conditions, claims procedure and detailed exclusions are available in the Bird-Tech Manufacturer's Limited Commercial Warranty Certificate. URL of the complete document: https://www.bird-tech.com/_files/ugd/33a340_43772ecb690f4c229524202b50086175.pdf
